Courageous Successors

Background

“Courageous Successors” was originally composed in 1999 to commemorate the 10th anniversary of the SGM Student Division. The lyrics of the song were inspired by the “Young Eagles” chapter of *The New Human Revolution* ([link to the book](#)), in which SGI President Ikeda outlined his expectations for the student division. The initial draft of the lyrics was later edited by SGM 1st General Director, the late Mr. Koe Teng Hong. The 2008 version features a contemporary R&B music arrangement. In 2021, with a brand new music style to portray the heroic spirit of the young eagles, the Student Division will rise as courageous successors and forge ahead valiantly.
